

PURPOSE:

To establish a dedicated pro-life ordinance for the protection of all citizens, regardless of age, in our community. Not only will this help protect a fetus in the womb, but also assist families with a disabled loved one, the mentally challenged, or the elderly. When all persons are treated as a citizen, and afforded all the legal protection they have a God given right to, their life cannot be dehumanized by government bureaucracy, political policy, or the individual agenda of a politician.

PLEASE distribute this PDF in your circles. Ask your customers, your friends, your family, your employees, your fellowship, your church, your club, your neighbors to sign the only petition that will make life the first priority in our community.

INSTRUCTIONS:

The petitioner signs the “WITNESSED BY” at the top, dates it, and then completes the first line of the petition *before* allowing anyone else to sign the petition.

**Please return your signed petition to:
Abortion Alternatives & Crisis Pregnancy Center
516 Holston Avenue, Suite 202
Bristol, Tennessee 37620**

Please return by Friday April 3rd 2015. The signatures will be presented to the Bristol, TN City Council on Tuesday evening April 7th, 2015. The city council meeting is at the Slater Center in Bristol, TN at 7pm. The Slater Center address is:

Slater Community Center, 325 McDowell Street, Bristol, TN 37620

This will be your opportunity to speak before the City Council to deliver your pro-life message and help persuade them to establish this pro-life ordinance. The lack of a pro-life ordinance only endangers any person, of any age, that needs legal protection in pursuit of a good life.

Please sign this petition, and if you can help out, take a copy of this with you, along with these instructions. Please set a blank signature page aside for making copies.

The witness and the signers must be of legal age, 18 years old, and a resident within our region. Neither the witness, nor the signers have to be Bristol, TN residents, nor do they have to be registered voters. They only need a desire to see all human life protected from conception to natural death.
